

# **NUTECH 2023**

**INTERNATIONAL CONFERENCE  
ON DEVELOPMENT AND APPLICATIONS  
OF NUCLEAR TECHNOLOGIES**

**KRAKÓW 20 - 22 SEPTEMBER 2023**

**SPONSORSHIP  
OPPORTUNITIES**

## NUTECH

---

International Conference on Development and Applications of Nuclear Technologies, the NUTECH conference is a continuation of the National Symposia of Nuclear Technology Applications in Industry, Agriculture, Medicine and Environmental Protection, which have been held since 1960. This conference every three years provides opportunities for the development and exchange of knowledge and experience in the field of broadly understood applications of nuclear technologies. Since 2008, it has gained international status, which further expanded its capabilities and scope of activities.

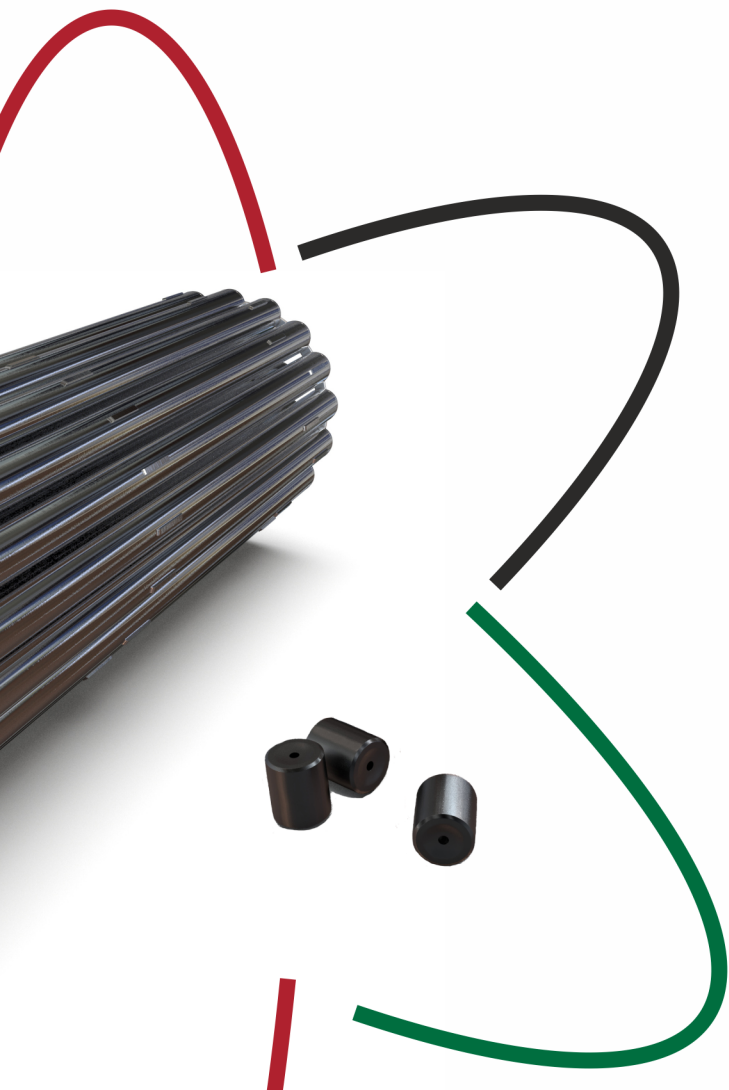

---

## NUTECH 2023

---

This year, from 20 to 22 September, the conference will have its next edition in Cracow. The conference is organized by AGH University of Science and Technology, Faculty of Energy and Fuels in cooperation with the Institute of Nuclear Chemistry and Technology, the Polish Chemical Society, and the Polish Nuclear Society. It will be another opportunity to share previous experiences, gain new knowledge, learn about the latest theories and practical applications, as well as to cooperate in the future.

---

## **WHY BECOME A SPONSOR OF NUTECH 2023**

Nuclear technologies are a topic that each year increases in value and importance in science and in many industries. The announced implementation of nuclear energy in Poland is also significant. NUTECH covers a wide range of applications of nuclear technologies, from nuclear energy, research reactors to medicine and nuclear chemistry, as well as a wide range of applications of nuclear techniques in industry and beyond.

The conference allows companies to present their interesting offers to a group of people interested in this field. NUTECH is aimed at people who are interested and work in issues related to nuclear technologies. Joining the group of sponsors of the NUTECH 2023 conference is a great opportunity to present your company's offer, presentation of products, e.g. measuring equipment and mutual exchange of knowledge on the operation and development of nuclear technologies in many branches, from industry through environmental or medical applications. This is also another step in building the future of nuclear energy and shaping the community in this field.

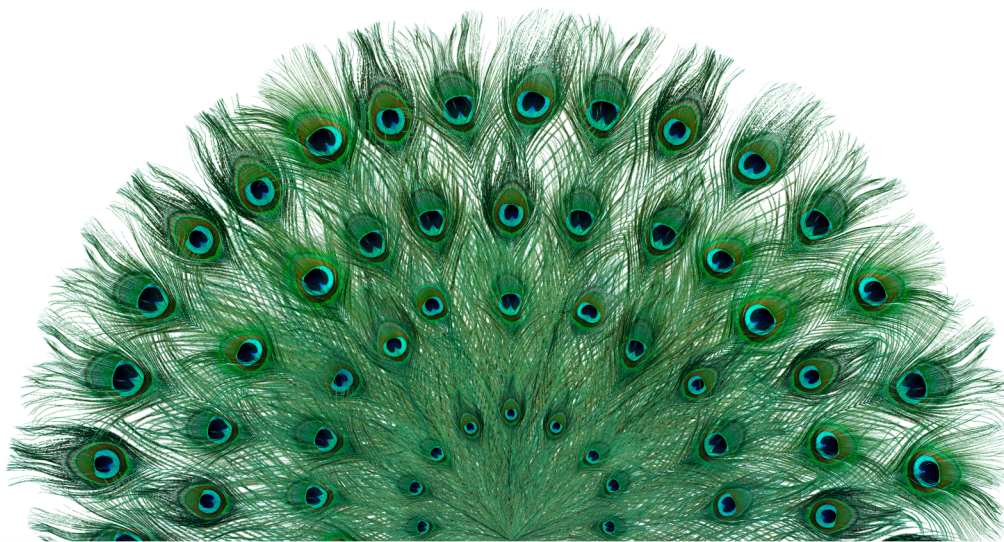

We invite you to participate in this project. Sponsorship packages are presented on the next page. Contact us!

## SPONSORSHIP PACKAGES

Sponsorship packages Net	Diamond €10 000	Platinum €5 000	Gold €3 000	Silver €2 000	Brown €1 000	Basic €400
Logo on the conference website	✓	✓	✓	✓	✓	✓
Designation as special patrons	✓	✓
