TABLES AND FIGURES. All figures and tables must be numbered and cited in the text.

Tables. A short descriptive title should appear above each table with a clear legend and any footnotes suitably identified below. All units must be included.

Figures. Figures should be completely labelled and numbered consecutively with Arabic numbers corresponding to the figures.

Figures could be submitted as separate digital files (TIFF, JPG, EPS, PSD or CDR format). Special attention should be paid to focus and contrast. Symbols, letters, arrows, and numbers must be of sufficient size and contrast to be clearly recognizable when the figure is reduced to publication size. The optimal width for the figure is 8 cm.

ABBREVIATIONS, SPELLING AND UNITS. All nomenclature should be consistent, clear, unambiguous and accordance with the rules constituted in a given branch. Authors should, whenever possible, conform to the nomenclature, symbols and abbreviations established for chemistry and physics by IUPAC and IUPAP and used in the Chemical Abstracts.
